

FORMA Glass MONO Aluminium Canopies

The FORMA Glass MOMO has been created with contemporary design and flawless functionality.

Named for its free-standing option, the FORMA Glass MONO delivers maximum versatility to homeowners.

With a maximum projection of 4 metres and any desired lengths up to 12 metres, FORMA Glass MONO is perfect for any patio or carport area.

Constructed from aluminium and designed with snap-down 6mm toughened glass. The MONO system incorporates concealed drainage via internal gutters and downpipes.

Each FORMA Glass MONO canopy is professionally measured, manufactured, and fully installed by our experienced installation teams, ensuring a precise fit, correct structural fixing, and a flawless finished appearance.

Constructed from aluminium and designed with the rigours of the UK weather in mind,

For complete peace of mind, we proudly provide a comprehensive 10-year guarantee across our full range of FORMA aluminium canopies — protecting your investment in the years ahead.

Each aluminium canopy is manufactured using premium-grade aluminium and high-performance roofing systems, carefully selected for their strength, weather resistance, and longevity.

The most effective way to appreciate the quality, design precision, and craftsmanship of our aluminium canopies and carports is by visiting our dedicated showroom in Ripon, North Yorkshire.

Within our showroom, you can explore a wide selection of contemporary aluminium structures up close, allowing you to compare styles, finishes, roof options, and structural details in person.
